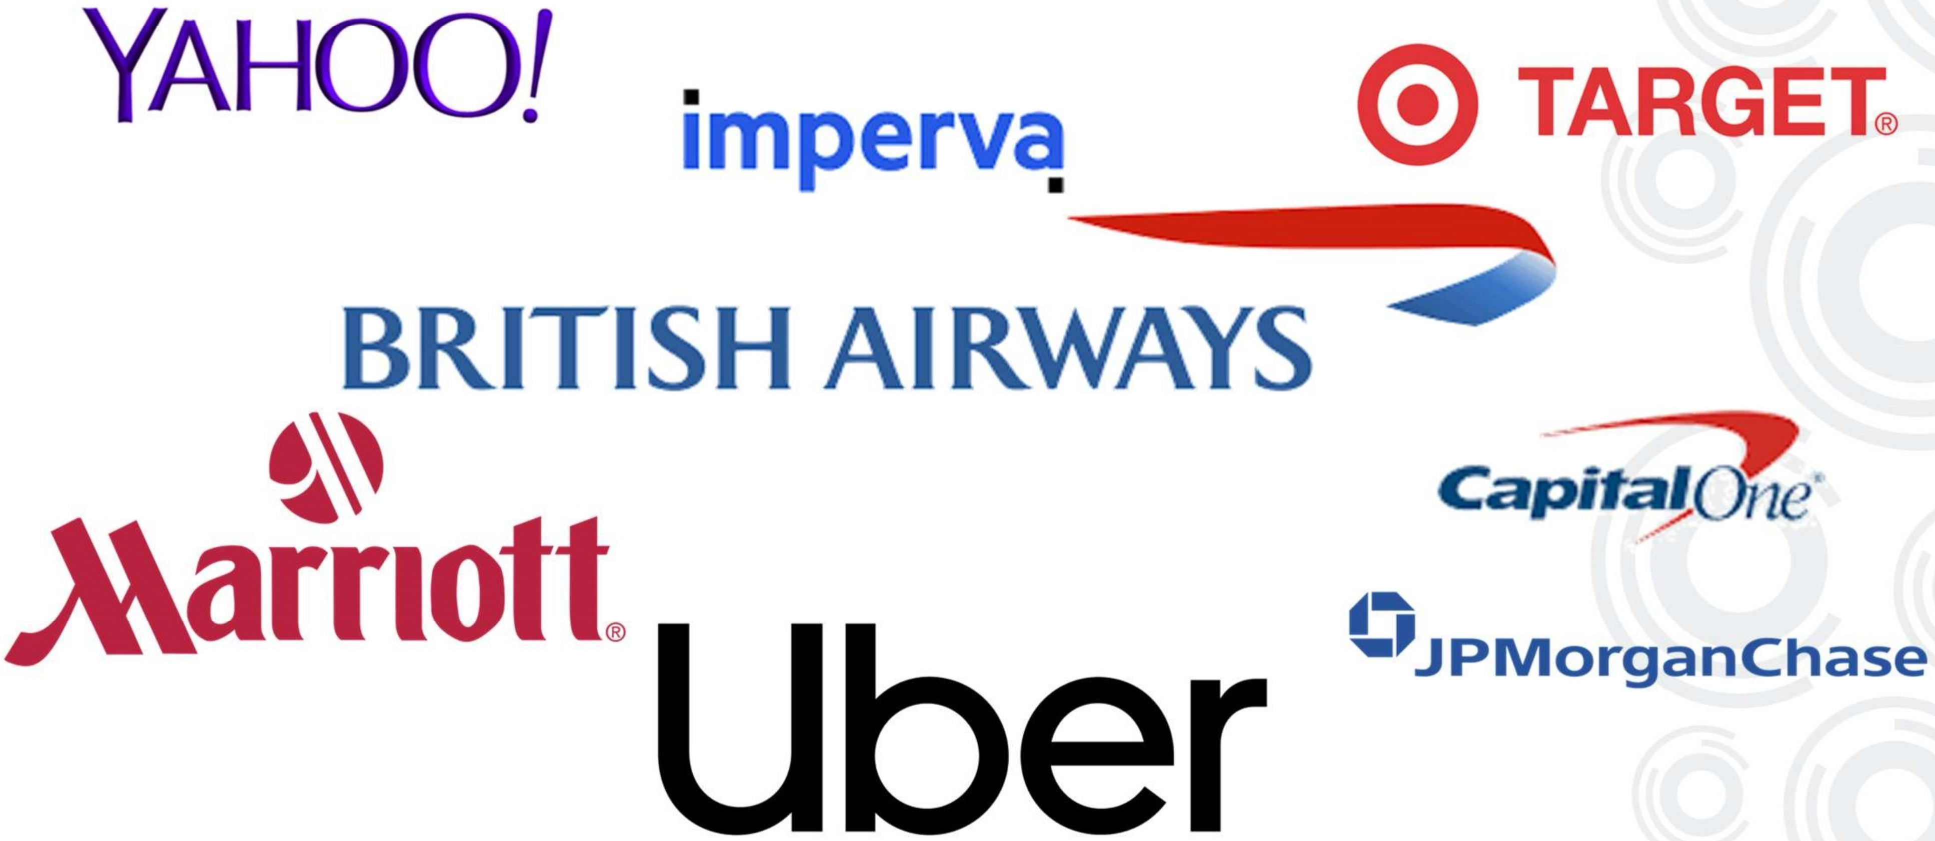
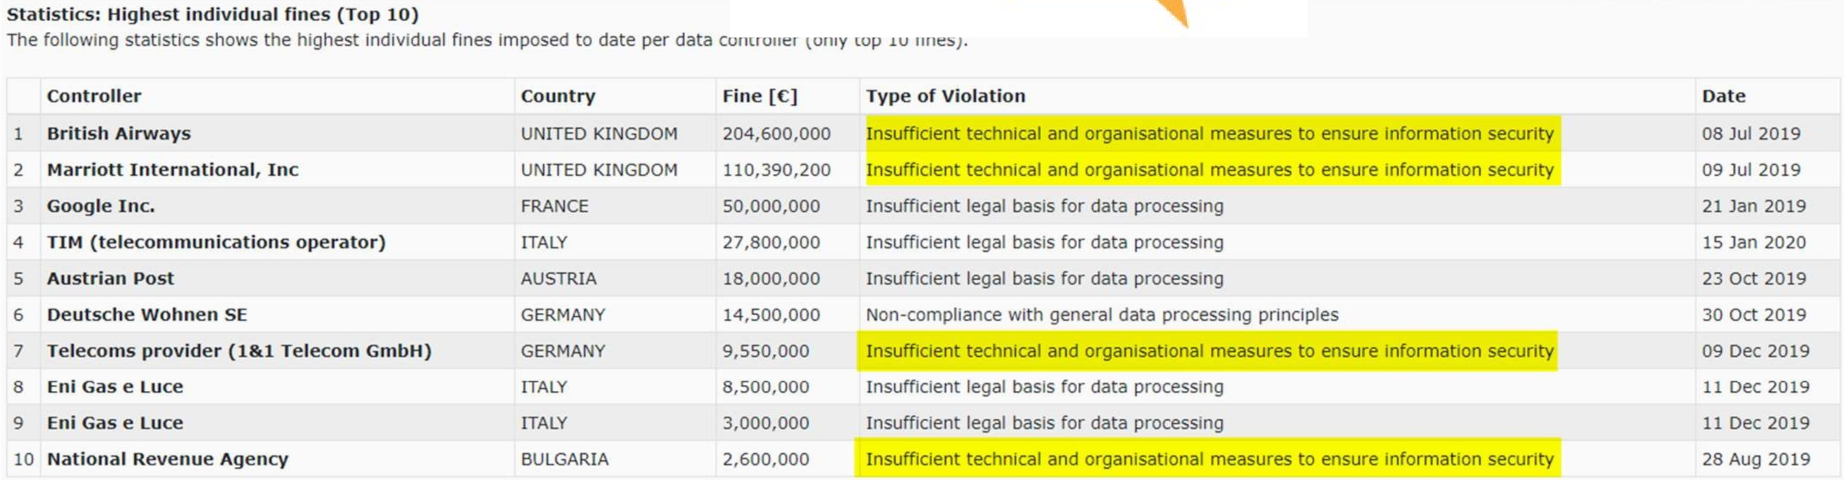
Business is good!

What do these companies have in common?



At a glance. A key principle of the **GDPR** is that you process personal data securely by means of 'appropriate **technical and organisational measures**' – this is the '**security** principle'. Doing this requires you to consider things like risk analysis, **organisational** policies, and physical and **technical measures**.



Statistics: Highest individual fines (Top 10)

The following statistics shows the highest individual fines imposed to date per data controller (only top 10 fines).

	Controller	Country	Fine [€]	Type of Violation	Date
1	**British Airways**	UNITED KINGDOM	204,600,000	Insufficient technical and organisational measures to ensure information security	08 Jul 2019
2	**Marriott International, Inc**	UNITED KINGDOM	110,390,200	Insufficient technical and organisational measures to ensure information security	09 Jul 2019
3	**Google Inc.**	FRANCE	50,000,000	Insufficient legal basis for data processing	21 Jan 2019
4	**TIM (telecommunications operator)**	ITALY	27,800,000	Insufficient legal basis for data processing	15 Jan 2020
5	**Austrian Post**	AUSTRIA	18,000,000	Insufficient legal basis for data processing	23 Oct 2019
6	**Deutsche Wohnen SE**	GERMANY	14,500,000	Non-compliance with general data processing principles	30 Oct 2019
7	**Telecoms provider (1&1 Telecom GmbH)**	GERMANY	9,550,000	Insufficient technical and organisational measures to ensure information security	09 Dec 2019
8	**Eni Gas e Luce**	ITALY	8,500,000	Insufficient legal basis for data processing	11 Dec 2019
9	**Eni Gas e Luce**	ITALY	3,000,000	Insufficient legal basis for data processing	11 Dec 2019
10	**National Revenue Agency**	BULGARIA	2,600,000	Insufficient technical and organisational measures to ensure information security	28 Aug 2019

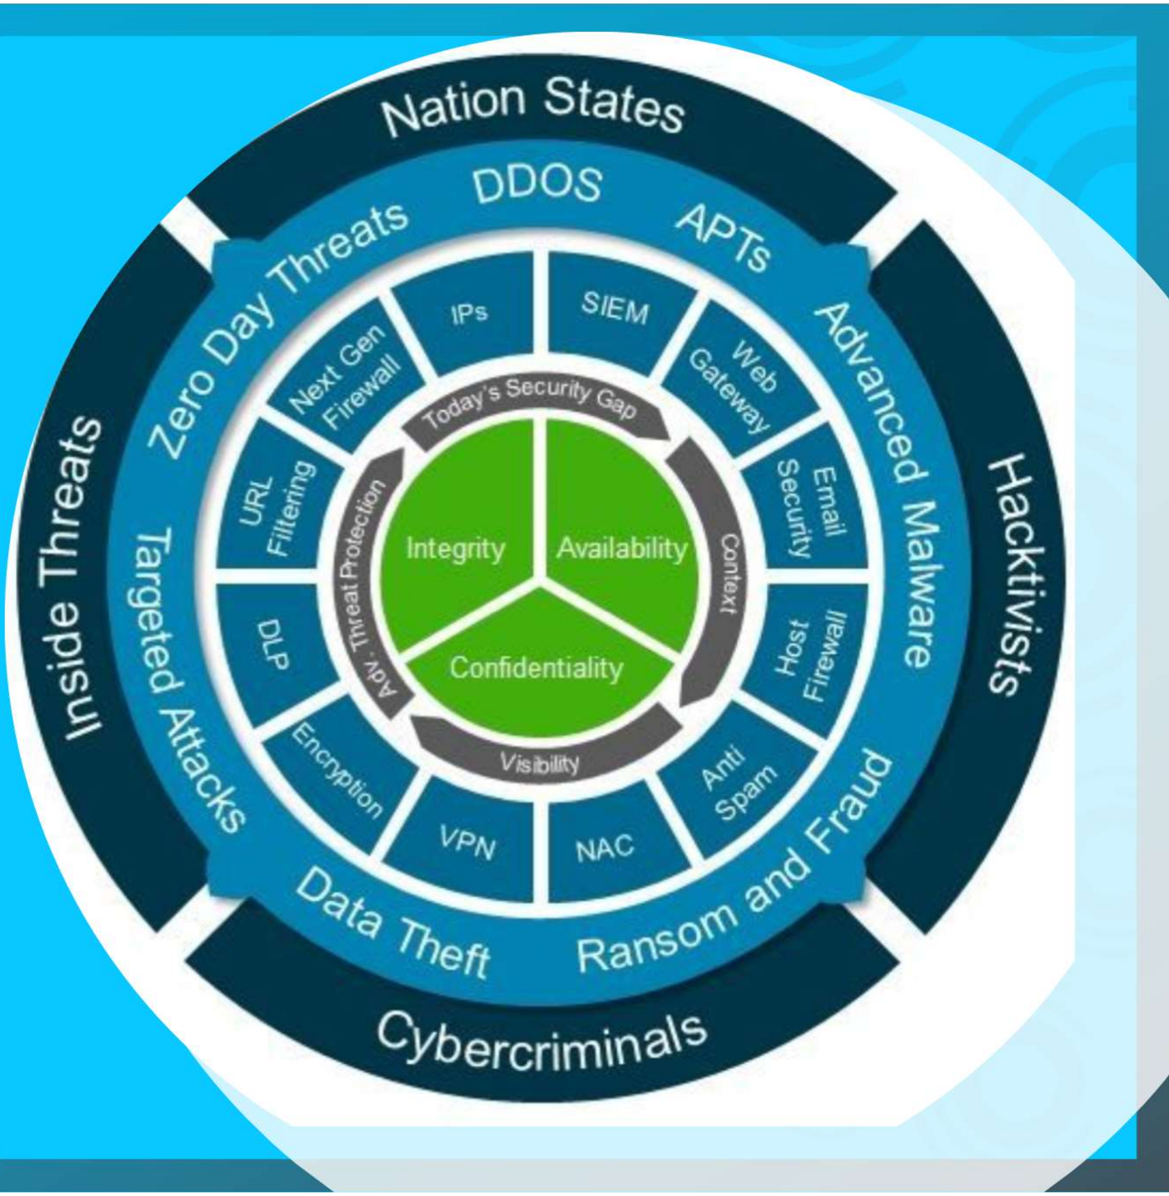
ONE IDENTITY™

Lot of money to protect our data with technical measures



But, what about organizational measures, internal controls, and the more important…the people?

Security Starts Here

Security Starts with

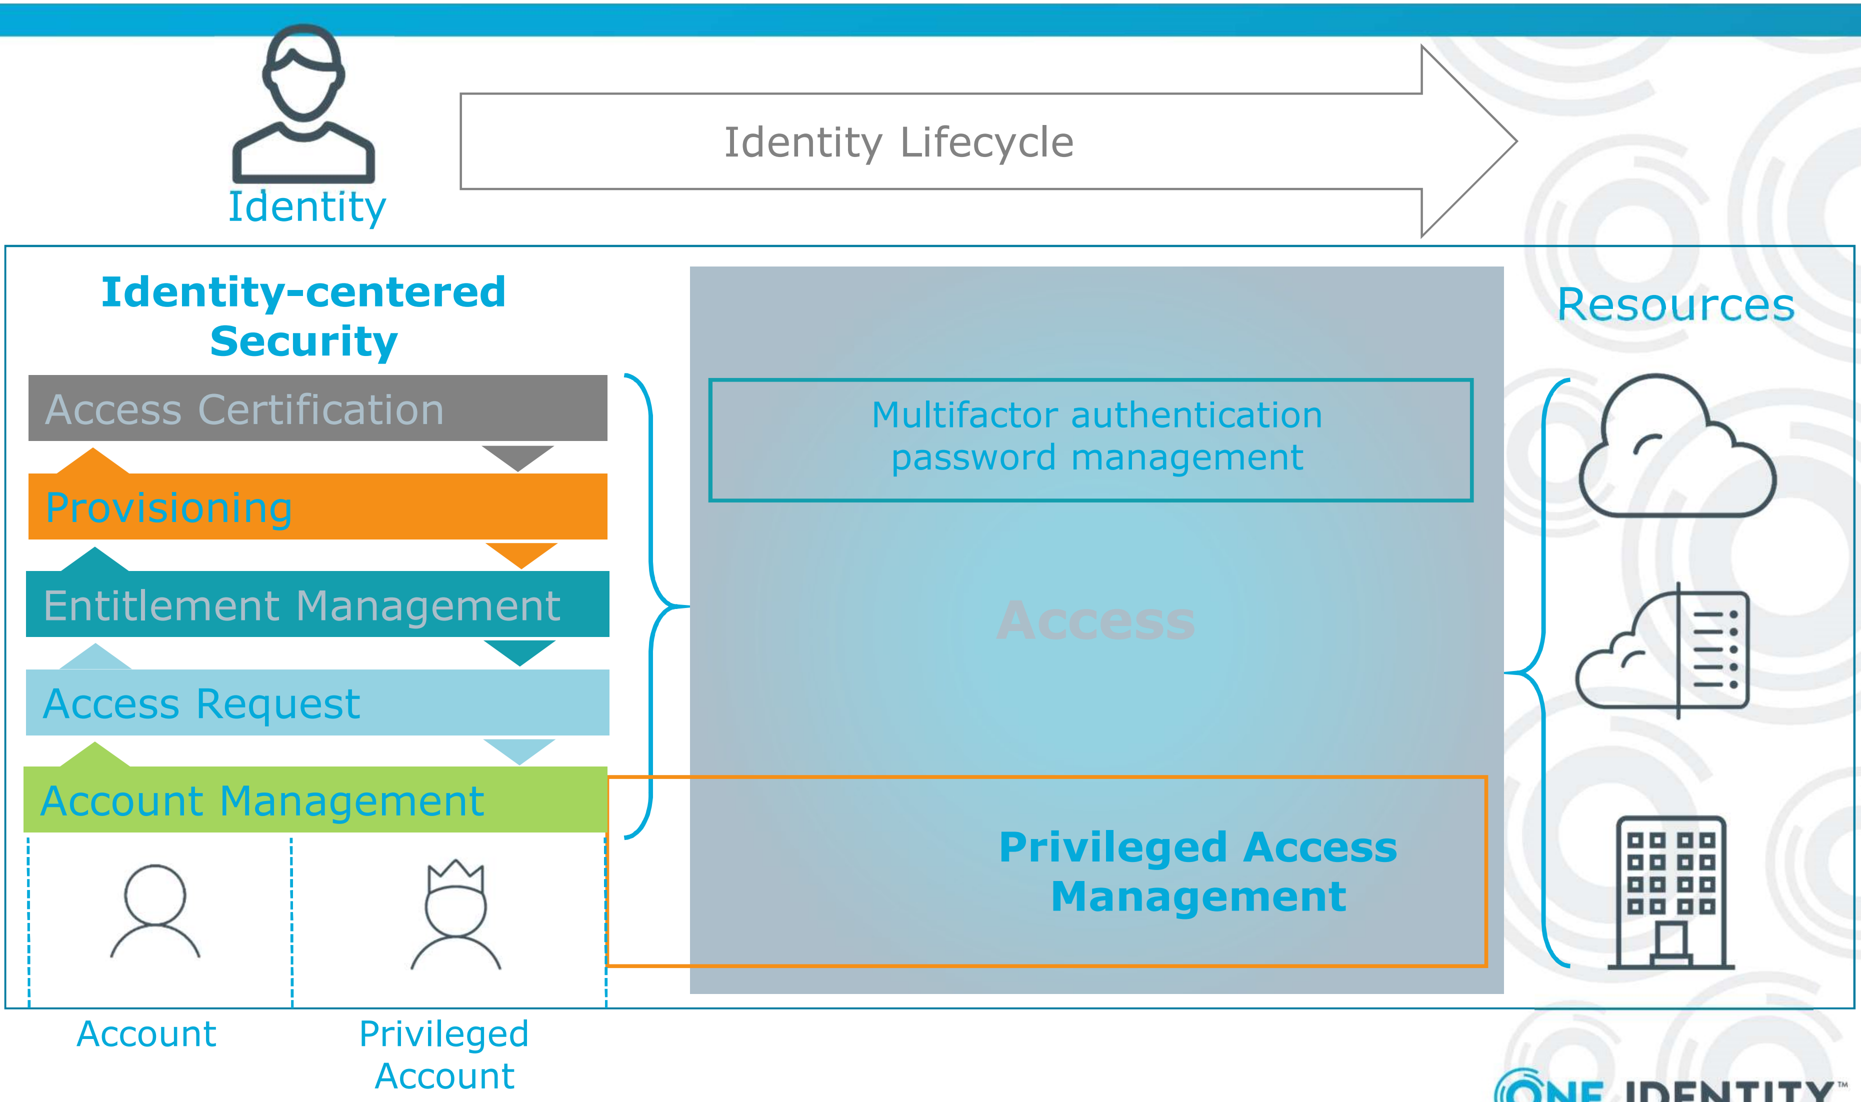
Security is only achieved when you can ensure the **right people** can get the **right access** to the **right resources** at the **right time** in the **right way**, and **you can prove it.**

This is *only possible* by ensuring **Identity** is at the core of your **Security** strategy.

Security Starts with

ONE IDENTITY™

Which delivers a unique **Identity Portfolio**, of integrated AD Account Management, Privileged Access Management and Identity Governance and Administration solutions that let organizations achieve an **Identity-centric Security** strategy



ONE IDENTITY™

Identity-centered Security…the results

Right access at the right time

Significantly increased security

Productive, happy users

Streamlined IT

Compliancy & privacy

Reduced costs
